Re: *Additional Request for CALI Financial Records*

Dear Mr. Kessler:

We are in receipt of your additional request for CALI documents that was sent to me on May 4, 2009 by electronic mail. This request was for documents listing funds previously held by the Association that has been escheated to any State in the past seven (7) years.

First, the documents which you are requesting do not, in our opinion, fall within the stated purpose for your prior request pursuant to California Corporations Code 8333. However, no CALI held funds have escheated to any State in the past seven (7) years and therefore no such documents exist.

Since no such documents exist, none can produced.

Very truly yours,

BRAD D. BLEICHNER

BDB/jp
